

New HTE Car Rider Arrival and Dismissal Traffic Pattern using Hickory Tree Community Park Effective 5/15/17

HTE is having its kitchen renovated beginning May 15th so we need to change the traffic pattern for arrival and dismissal to not interfere with construction. We also hope it will reduce the wait time and traffic flow for parents.

***Students must exit and enter the car on the passenger side of the car since there will now be a 2-way traffic pattern.**
***In the PM, if classes are in the covered area learning, PLEASE turn off your car so they are not inhaling fumes.**
